

January 11, 2010

Dear Friend of Liberty Hill,

These cold and long winter days and nights make many of us long for warm days and sunny skies and that's just what we're doing at Liberty Hill! Planning our 3<sup>rd</sup> annual Liberty Hill Housing Corporation's "**Spring Fling**" fundraiser, May 10-14<sup>th</sup>.

Every year hundreds of volunteers gather to renovate and upgrade several homes that are owned by people with developmental disabilities living in Wayne County. They're on a budget just like you and I and they need help with home repairs, upgrades and some just need plants and flowers in their front yards.

I know these are difficult economic times but I am asking you to be our partner in making our "**Spring Fling**" fundraiser a BIG success. The needs range from new roofing to windows and outdoor landscaping. Special attention will be given to creating more energy efficient environments that will provide cost effective housing for years to come. The homes are in need of these improvements:

- Furnaces
- Windows
- Cement work
- Roofs
- Duct Work
- Insulation
- Plumbing
- Landscaping

All of which are often quite costly, but vital to a well maintained home. Your generous donation can help us reach our goal and help make a house, a home. Please consider making a financial contribution (see enclosed sponsorship levels) and/or providing volunteers willing to help during that week.

LHHC ([www.libertyhillhousing.com](http://www.libertyhillhousing.com)) is a 501c3 non-profit organization that provides homes to people with developmental disabilities. LHHC currently owns and leases single-family homes in more than 20 Wayne County communities.

Thank you for your dedication and commitment to people with disabilities.

Respectfully,

Peggy Frankie
